

## GRU ABUSES: ELECTRIC

1) Call the STATE OF FLORIDA **GROSS RECEIPTS TAX** “cost recovery” and add an additional 2.5% to the 2.5% state tax and collect .025641 from all customers. This is permissible but yields no local benefits if lawfully remitted to the state.

2) Applies the maximum local municipal and county 10% Public Service Tax to the customer charges, and state **GROSS RECEIPTS TAX**, and therefore .025641 of the “Fuel Adjustment Charge”, but not for gas.

3) Applies the out-of-city surcharge to the state **GROSS RECEIPTS TAX** and therefore another .025641 of the “Fuel Adjustment Charge”, but not for gas.
